Hi,

When I first applied to Google Adsense account 1 month ago, I waited for over a week and got rejected. But yesterday I found the easiest way to get a Google Adsense Account - AND I GOT APPROVED IN 6 HOURS FLAT.

I AM SURE ANYONE CAN GET APPROVED using this method. Yes people from India, Africa it doesnt matter  And I havent seen this method shared anywhere else...Unlike some other methods shared like Create a Youtube Channel ,upload videos, Make sure those videos get some hits and apply for Adsense, this method doesnt need much work on your part..

It is as simple as it gets. Here is how...

[www.docstoc.com](http://www.docstoc.com) is a website that is partnering with Google Adsense. It is much like scribd.com , where people read documents, ebooks online uploaded by others.

When you sign up for docstoc account using the URL you have an option to join Adsense through their website if you dont have Adsense account..Here is the URL

<http://www.docstoc.com/doccash/join/>

For those who do not have a adsense account they can apply to Adsense through their website

Quote: Start by registering or signing into Docstoc.

Don't have an AdSense account yet? That's okay - we'll help you set one up. It's easy. You are now logged in, click submit to complete your DocCash application  
Submitting information to Google AdSense

Once your account is confirmed, you will automatically begin earning revenue from the documents you

And that is it, you get approved within 6 hours. For ads placed in their site(docstoc.com) (thru Your adsense account), they share a 50/50 revenue...However you can use the adsense account for your sites/blogs and for ads placed in your blogs/sites you keep all the revenue to yourself....

So you can earn some \$\$\$ from docstoc.com (50 % revenue) in addition to using your blogs/sites...

So what are you waiting for ? For those who dont have a adsense account, GO GET ONE...
